MEMORANDUM FOR: Project Director

SUBJECT : Deployment Dates, Detachment "A"

1. In the light of our meeting at the Pentagon with USAF and SAC today, I earnestly request your immediate approval of the following rescheduled dates for deployment of the first and second echelons of Detachment "A".

Original  
1st - 5 March  
2nd - 26 March

New  
19 March  
16 April

2. I am assuming slippage of our 3rd echelon deployment date of at least two weeks, but I believe the projected dates for the first and second echelon will be valid, even if our final deployment slips as far as 15 May.

3. Basic reason for requesting your approval of this change is to allow realistic time for 2 weeks pre-deployment leaves, commercial plane reservations, documentation consistent with cover, and other related administrative matters.

4. Assuming your approval, I believe the Detachment should be notified soonest in order that they may schedule their first and second echelon personnel for leaves in an orderly manner. Also request your permission to release the attached message to
